Criteria for the Assessment of Internal Entering Biology Exams

  Three tasks:
  1.1. Molecular Biology task - 10 points
  1.2. Basics of Cytological Reproduction task - 7 points
  1.3. Task with illustrations, charts, diagrams - 3 points

- 2. Human anatomy and physiology
  Seven tasks:
  2.1; 2.2; 2.3; 2.4; 2.5 - correspondence, sequence and multiple-choice tests - 10 points total
  2.6; 2.7 - texts, illustrations, charts, diagrams analysis - 10 points total

- 3. Zoology
  Seven tasks:
  3.1; 3.2; 3.3; 3.4; 3.5 - correspondence, sequence and multiple-choice tests - 10 points total
  3.6; 3.7 - texts, illustrations, charts, diagrams analysis - 10 points total

- 4. Botany
  Seven tasks:
  4.1; 4.2; 4.3; 4.4; 4.5 - correspondence, sequence and multiple-choice tests - 10 points total
  4.6; 4.7 - texts, illustrations, charts, diagrams analysis - 10 points total

- 5. Genetics and molecular biology problems

- Three tasks:
  5.1. Genetics problems - 10 points
  5.2; 5.3 - texts, illustrations, charts, diagrams analysis and task solving with an answer represented in figures - 10 points total.
